# *Coalition for the CommonHealth*

Transforming Health and Human Services  
for  
Pennsylvanians

*Ours is a coalition of leaders from statewide and regional organizations that represent thousands of individuals engaged in Pennsylvania's physical health, behavioral and dental healthcare deliver systems, advocates, counties, health foundations, patient/consumers and their families*

# *Coalition for the CommonHealth*

- ▶ *Our Vision: “To create and maintain an integrated behavioral and physical health care system based on the principles and practices of the “Triple Aim.”*

# *Coalition for the CommonHealth*

- ▶ “Triple Aim” within Pennsylvania’s health care system:
  - ▶ *“improving the patient experience of care (including quality and satisfaction);*
  - ▶ *improving the health of populations; and*
  - ▶ *reducing the per capita cost of health care.”*
- ▶

## *Coalition for the CommonHealth*

- ▶ **Our Mission:** *“To work collaboratively with all four Departments and the Governor’s Office to develop and maintain the policies and procedures, interagency collaboration/cooperation and communication structures and protocols to realize the Vision.*”

# *Coalition for the CommonHealth*

## Current Goals

- ▶ Actively advance efforts by key Departments to collaborate with each other and the Coalition member organizations in the implementation of critical health and human service initiatives for Pennsylvania's health care systems.

# *Coalition for the CommonHealth*

## Current Goals

- ▶ Work together to actively inform the design and implement health, behavioral health and dental care
- ▶ Inform Value Based Purchasing models from the clinician and patient perspective.
